

# First time living away from home?

Here are some  
useful tips for  
house sharing...

1. Get to know each other – what are your **common interests?**
2. Respect each other and **treat each other well**
3. Listen – others' **opinions** are just as important as yours
4. Set aside a few evenings a week where you **take it in turns**  
to cook dinner and have a fun evening at home
5. Clean as you go – make a **rota** and stick to it!
6. Have a kitty to **share living expenses** e.g. washing up  
liquid, cleaning products
7. On nights out, **look out** for your housemates and make sure they get  
home safely
8. Remember: your housemates and neighbours may need a good night's **sleep**  
due to upcoming exams and assignments!

**BE CONSIDERATE, BE RESPECTFUL AND  
ENJOY THE EXPERIENCE!**
